NURSERY STOCK BROKERAGE LIST.

We are glad indeed to report that our offer to serve the NURSERY TRADE as Brokers has met with such hearty response that the success of the plan is assured. Let us thank each and every one of our friends who have so generously responded. WE DO NOT DEAL IN NURSERY STOCK BUT ACT EXCLUSIVELY AS BROKERS. When a sale is consummated we tell the buyer who the seller is and advise the supplier the buyer's name. For this service the seller pays us a commission of 10%.

When your regular source cannot supply you let us locate the stocks you wish to purchase. It will cost you nothing to give us a trial and may mean a saving for you.

I N Q U I R I E S

We have buyers for the following, advise if you wish to sell.

HERBST BROTHERS

ESTABLISHED 1876

95 FRONT STREET

NEW YORK

Dec. 1st. 1927.

TO THE NURSERY TRADE:-

From Japan where Mr. Sakata is at the peak of his shipping season we hear that 1927 has proven to be an available Tree Seed Year. Although political disturbances have been collecting precarious thus reducing the available quantities, the quality is excellent. We are not yet able to publish a complete list of Mr. Sakata's surplus, so that we urge you to advise us of any requirements.

Below a partial list of seeds all of the new crop either already at New York or advised coming. If you need other items let us know.

Many Nurserymen have their own sources of supply which occasionally yield surplus seed. If you have such and wish to dispose of them we are anxious to hear from you.
